

UDAY PROGRAM

AFFORESTATION DRIVE IN JEWAR

**Haldiram Educational Society
&
District Administration & JIL**

ABOUT PROJECT – UDAY PROGRAM

Haldiram Educational Society signed an 10 years MOU on 4th September, 2019 with the **District Administration, Noida & JIL** for **afforestation of land in Jewar** admeasuring 373531 Sqm (92 acres Approx.).

The Land was given in **three different blocks** to HES and to make the project more efficient and viable HES had divided the development work block wise.

A budget of **Sixty Lakh Rupees** for the development of the project was been approved with **One Lakh Fifty Thousand** for regular monthly maintenance of the land.

The district administration signed agreements with Jaypee Infratech and Haldiram Educational Society last September to develop the green cover along the expressway to make the drive to the airport pleasant for the visitors. No money would be paid for the same, said Singh.

OVERALL DEVELOPMENT

- **Fencing Work & Main Gate**

To ensure safety and security of the plants which have been and will be planted during the due course of time fencing has been done and main gate has been erected for safe entry in all the blocks.

OVERALL DEVELOPMENT

- **Land Leveling & Hole Digging**

Land leveling has been done and 2' deep holes have been made for organized plantation of plants in all the blocks.

OVERALL DEVELOPMENT

- **Borewell Installation**

Three bore wells of 180' depth with 12.5 HP Crompton Pump have been installed for watering the plantation done in the blocks.

OVERALL DEVELOPMENT

- **Electricity Connection**

Electrical connection of 10 HP load has been taken to run the bore wells

OVERALL DEVELOPMENT

- **Conventional Water System**

The Conventional Water System of Water Cannels has been made across the entire plantation done for regular supply of water to each plant.

- **Drip Irrigation System**

Initially water was dispersed using tankers. The drip irrigation system was installed across the entire plantation for regular supply of water to each plant.

OVERALL DEVELOPMENT

• Plantation of Plants

Plantation of traditional varieties of Indian Trees such as Pipal, Pilkhan, Palash, Bargad, Gular, Arjun, Kaitha, Sheesham have been done and all have been treated with manure and basic medicine of Dimak. Till now more than 25000 trees have been planted in entire area.
